NEWSLETTER JANUARY 2019

Dear Members,

Happy New 2019 to all of you!

I hope you have had a great closing in your business 2018 and a very good start to the new year.

For the last year we have spent a lot of time evaluating how we can best develop the chamber in order to serve our members in the best way. We have identified the important areas where we need to continue improving and delivering in accordance to our mission. Our mission is:

- We enable business opportunities*
- We produce outstanding events*
- We offer networking platforms for companies and individuals*

This new year starts with the announcement of an agreement with the Swedish Swiss Chamber of Commerce (SSCC) in Switzerland. The SSCC will support the Swiss Chamber of Commerce in Sweden with our administration, member and event service. The result is a closer cooperation with the SSCC, which we are sure, will result in better service, benefits and events for all of you.

I would like to address a special thanks to Eva Fiorenzoni, our vice chairman in the Swiss Chamber of Commerce in Sweden. In her role as the CEO of the Swedish Swiss Chamber of Commerce in Switzerland we are grateful for the positive response to the request for a future cooperation.

As you hopefully already have seen on our website, the first result of this cooperation is an invitation to participate at the "SSCC Business Forum – Artificial Intelligence", the 31st January in Zurich. More details below. Our next event in Stockholm is the annual fondue evening taking place on 13 February at Roche AB.

Looking forward to seeing you there!

Anne Brennwald
