

NEWSLETTER - JUNE 2020

Dear Members, Dear Friends of the Swiss Chamber of Commerce,

This past spring has been very different for all of us and we had to re-plan our events at the Swiss Chamber of Commerce and switch to digital events. The new normal is still home office for many of us and virtual events for us.

To continue delivering value to our members, we organised webinars and a teleconference in May and June. A special thanks to our members **SAAB, Switzerland Global Enterprise, ABB, Sika** and **UBS** for their support and cooperation in the implementation of these online events.

We invite all our members to take part in an online Extraordinary General Meeting from 3 August. More information is available on the link below.

On the **27th August**, we will kick off with a webinar with some very reputed speakers; **Mai-Lis Hellenius, Ilse Jacobsen** and **Kjell Enhager** who will be sharing their experiences on how to handle difficult challenges and changes, both as humans and as business leaders. This is an excellent opportunity for inspiration! The event will be highly interactive and involve some team building activities. Save the date in your calendars now!

Due to the new restrictions, many of our physical events had to be postponed to 2021. However, depending on the situation, we will introduce some physical events in the autumn. Many countries are now opening up for travel again, but social distancing rules are still a reality we have to respect. We are looking forward to meeting you, our members, as soon as this is possible and safe again.

Wish you all a safe, healthy and beautiful summer!

Anne Brennwald
Chairman
Swiss Chamber of Commerce in Sweden
